

Retina Diagnostics

Retinal Video Diagnostic Report

Date: 2025-10-16 14:16

Diagnosis Summary:

This result is based on spatio-temporal patterns analyzed.

Please note:

- This report provides a preliminary analysis.
- For any concerns or unusual symptoms, consult an ophthalmologist.
- Follow-up tests may be recommended based on this result.

Recommended Follow-up Tests:

Test	Purpose
OCT Scan	Detailed retinal layers analysis
Fluorescein Angiography	Visualize blood vessels
Visual Acuity Test	Measure sharpness of vision
Tonometry	Measure eye pressure

General Precautions:

- Avoid excessive screen time.
- Maintain blood sugar and blood pressure levels.
- Schedule regular eye check-ups.
- Report any sudden vision changes to a specialist.
